Fyi, polymet wants to come in and talk about the agenda outlined below. It's tentatively scheduled for august 7, but I'll be on annual leave.

Yes. Basically update you on where we are with PCA regarding regulation of groundwater discharges under NPDES program for discharges from tailings basin, need for WQBELS for sulfate and couple other odds and ends. I will get you more detail in next few days. Shouldn't take any more than an hour of your time tops.

Dennis-

That sounds good. Precise location will follow. Linda Holst, Myself and Barbara Wester can attend on our side. Can you give me a better sense of the agenda?

Thanks.

Dennis-

Linda and I are available on 8/7 at 4:00 or anytime the afternoon of 8/8 to meet with you. We'll need to confirm the agenda and attendee list in advance, but in the meantime I wanted to get back to with dates/times. Please let me know if this works, and then we'll nail down the rest.

Thanks.

Rett:

I just left a message with you. The purpose of my call was to ask if we could set up another meeting with you, Linda Hoist (and whoever else you think appropriate) to touch base again on the PolyMet project? Since Chris left, we are thinking it may be good idea to introduce ourselves to the new head of the division, give you an update on where things stand with PCA in Minnesota from our perspective etc. Likely it will be Brad Moore and I from our side again.

Thanks as always for your attention to these matters.
